Location: Chattogram, Bangladesh

PROFESSIONAL SUMMARY

Civil Engineer specializing in RCC construction with over 10 years of experience across all phases of large construction projects, including flyovers, elevated expressways, bridges, culverts, underpasses and water-supply infrastructure. Skilled in coordinating project elements to deliver work on time, within budget and to a high-quality standard. Strong background in project management, quantity surveying, QA/QC, billing and client coordination.

CORE SKILLS

- Project Management: Planning, Resource Management, Manpower & Equipment Management, Project Budget Control
- Construction: RCC Works, Pile (DCIS) Construction, Pier & Pier Head, Pile Cap, Deck Slab, RCC & PSC Girder, PSC Cross-beam, Box Culvert, Underpass, Embankment & Earthwork
- Quality & Documentation: QA/QC Reports, ITP, Method Statements (MS), Inspection Requests, Reporting & Documentation
- Estimation & Billing: Civil Estimation, BOQ, RFQ, FCR, NCR, RA Bill Preparation, Quantity Surveying
- Other: Water-proofing, Repair & Renovation, Interior Furnishing Work
- Software: AutoCAD (2D/3D), Microsoft Office; Primavera P6 and ETABS (learning in progress)

PROFESSIONAL EXPERIENCE

Project In-charge **July 2023 – Present**
Mazada Consortium Limited – CWASA PESSCM-1/W2 & Yard Development Project

- Assist the manager in defining and prioritizing project activities in the strategic planning.
- Prepare Quality Control (QC) reports and compile project records.
- Ensure all manpower and equipment are functioning properly on site.
- Estimate materials, labor and resources required to achieve project goals.
- Conduct reviews and evaluations of personnel performance.
- Manage the project budget; measure, analyze and present performance metrics of completed work.

Civil Engineer **April 2021 – June 2023**
Sinohydro Corporation Ltd – HSIA T3 Extension Project, Dhaka

- Executed deck slab construction and heavy lifting activities.
- Completed underpass RC road construction works.
- Carried out pile cap, pier and pier head construction for the elevated driveway.
- Handled RCC girder and PSC girder construction and PSC cross-beam construction.
- Supervised earthwork activities including FDT and DCP test preparation.
- Worked with senior foreign engineers on large, complex design projects, with expertise in detailed drawings and plans.

Quantity Surveillance Engineer **September 2019 – March 2021**
China Railway Group Ltd – Padma Bridge Rail Link Project

- Performed quantity checks and prepared documentation for invoices.
- Worked on box culvert construction and embankment works.
- Prepared Method Statements (MS), ITPs and checklists; arranged required tests of construction materials.
- Raised inspection requests and carried out inspections with the client; assisted with approvals.

Site Engineer **April 2017 – August 2019**

Atia Construction Co. Ltd

- Prepared working drawings as per the design engineer.
- Prepared estimations, BOQs and quotations for subcontractors.
- Detailed structural, plumbing, electrical and fire-fighting sheets.
- Prepared AutoCAD models.

Site Engineer **August 2015 – March 2017**

Mogbazar–Mowchak Flyover Project (on behalf of Toma Construction Co. Ltd.)

- Worked on construction, stressing and lifting of RCC box girder and balanced cantilever works.
- Worked on construction, stressing and lifting of PC I-girder.
- Worked on deck slab and crash barrier for the flyover.
- Collected project data and prepared estimations, BOQs and quotations.
- Monitored all site activities with regard to QA/QC.

EDUCATION

B.Sc. in Civil Engineering, Dhaka International University	2016 – 2021
Diploma in Engineering (Civil Technology), ICST, Feni	2011 – 2014
Higher Secondary Certificate (Business Studies)	2010
Secondary School Certificate (Business Studies)	2008

TRAINING & CERTIFICATIONS

- AutoCAD 2D & 3D Training – Twoinsoft Technology, Feni
- Site Management Internship – Rupayun Housing Ltd, Dhaka
- Microsoft Office Applications Training – Computer Training Center, Feni
- Primavera P6 Course – In progress
- ETABS Course – In progress
